Dear UIC Students, Faculty, and Staff:

In accordance with federal guidelines, this announcement is provided each semester to inform students and employees about the UIC Alcohol and Other Drugs Policy.

The University of Illinois at Chicago has a long-standing commitment to the support and maintenance of a drug-free environment for its students and employees. In keeping with this history, we would like to provide you with a link to the existing UIC Alcohol and Other Drugs (AOD) Policy, which you will find below.

The policy and resource guide was prepared in accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. It describes the health risks and legal sanctions associated with alcohol and other drugs. It outlines the University's standard of conduct and disciplinary actions taken against students or employees who violate the standard. It also provides university and community resources to help with a drug or alcohol-related problem.

The AOD policy represents UIC's continued commitment to creating a healthy learning and work environment. To ensure the success of this mission and to meet federal guidelines, this policy will be distributed annually to all UIC students and employees. Please familiarize yourself with the 2017-2018 UIC Alcohol and Other Drug Policy at http://go.uic.edu/aod.

Students should contact the Office of the Dean of Students at (312) 996-4857 with any questions. Employees should contact UIC Human Resources at (312) 996-0840 with any questions.

Sincerely,

Rex Tolliver
Vice Chancellor for Student Affairs

Michael Ginsburg
Associate Vice Chancellor for Human Resources
